HOUSE RULES

1 Upon arrival, please hand over your identification documents (due to the fact that all visitors must be reported to the Tourist Association within 24 hours of their arrival).

We would also kindly ask you to deposit the amount we agreed upon (when the villa is rented as a whole, the deposit is 800 euros, and if apartments are rented individually, then the amount is 500 euros). The deposit will be fully refunded to you when you leave provided there is no damage to the property. If there is damage, an appropriate amount will be deducted. We reserve the right to apply a charge higher than the deposit if repairs cost more than the amount of the deposit.

2 There are two apartments in Villa Meneghello, so in case you are not alone in the villa, we would kindly ask you to respect the privacy of your neighbors. Please put down the volume (music or TV) after 11:00 p.m. In case you wish to have a party with loud music, please discuss it in advance with your neighbors.

3 Summer kitchen, garden grill and the pool are at the disposal of guests staying at both apartments. Therefore, please use them in agreement with other guests. We would also like to ask you to keep the area around them clean.

4 The villa is fully furnished and decorated, therefore we would like it to be that way when you leave. Please be careful with our furniture. Do not touch paintings and other works of art and please do not move them about. There is an inventory list in the house. If there are any damages or missing items compared to the inventory, please report them to Romina Meneghello within 24 hours or arrival. Please do not take the furniture, linen and towels out of the house and into the garden. There is garden furniture at your disposal as well as towels by the pool. Our staff will regularly clean the pool and the garden.

The amenities of the property shall be used entirely at hirer's own risk.

5 You will have the linen changed once a week during your stay at the villa and that is included in the price. For additional cleaning and help at the villa, please talk to Romina or Dagmar Meneghello at +385(0)91-4783111; +385(0)21-717-270. We can provide a cleaner for you.
